IT'S TIME FOR
CONGRESS TO ACT
PROTECT NATIONAL SECURITY
STOP RESOLUTION MINE
PASS SAVE OAK FLAT ACT

Anglo-Australian miners BHP and Rio Tinto are poised to construct the massive Resolution Copper Mine 60 miles east of Phoenix to extract 40 billion pounds of copper worth at least \$160 billion.

Two Chinese state-owned companies are Rio Tinto's largest shareholders controlling 29% of the company's stock. Resolution's copper is expected to be exported to China, where it will be used to expand China's renewable energy economy instead of America's.

The U.S. is giving the copper fortune away for free.

Under the General Mining Act of 1872 Resolution will pay zero royalties to the U.S. Treasury for the copper currently owned by American taxpayers.

Preserving Sacred Sites protects America's National Security.

Resolution will destroy an American Indian sacred site called Chi'chil Bii'dagoteel, also known as Oak Flat. The area is listed on the National Register of Historic Places as a Traditional Cultural Property. Destroying Chi'chil Bii'dagoteel would be yet another profoundly painful attack on American Indian culture and religion.

Tell Senators Mark Kelly and Kyrsten Sinema and Rep. Tom O'Halleran to pass the Save Oak Flat Act now!

*"Protecting tribal sacred sites and cultural resources are essential to upholding the federal trust responsibility."
 - Ned Norris, Jr., Chairman Tohono O'odham Nation*

*"The U.S. government has legal and moral obligations to provide access to these ancestral lands to Native Americans."
 - Martin Harvier, President Salt River Pima-Maricopa Indian Community*

*"We stand with the San Carlos Apache Tribe and many others who support the long-term protection of Oak Flat."
 - Jonathan Nez, President The Navajo Nation*

*"Passage of the Save Oak Flat Act is essential for the survival of the Apache way of life."
 Terry Rambler, Chairman San Carlos Apache Tribe*
